When a woman's hormones are out of balance, she experiences symptoms ranging from PMS, fibroid tumors, and mood swings, to insomnia, elevated stress, and weight gain. Hormone imbalance also leads to serious conditions such as heart disease, osteoporosis, and breast cancer. In the newest groundbreaking book by well-known women's health expert Susan M. Lark, MD, along with Kimberly Day, shares with women of all ages, her exciting and effective all-natural program on how to restore and balance their own hormones. She combines three decades of research, scientific findings, and her own clinically time-tested treatments for restoring and balancing hormones naturally. into one comprehensive book. She explains how hormones are produced in the body and what factors cause hormone imbalances. You can then determine which of three hormonal "types" you are, so you can choose safe, effective, well-studied natural remedies to fit your unique hormonal profile, symptoms, and health goals. Therapies include the use of herbs, foods, nutritional supplements, energy medicine therapies, diet, exercise, stress management, and bioidentical hormones.
